

CALL FOR PAPERS

14th EDITION OF THE WEST-COAST SEARCH&MATCHING WORKSHOP

DECEMBER 9th, UNIVERSITY OF CALIFORNIA, IRVINE

Our next edition of the West-Coast Search-and-Matching Workshop will return to UC Irvine on December 9th (Saturday). The program will be composed of 5 papers using the search-matching methodology to study a wide range of issues, including unemployment, money, liquidity, asset prices, price dispersion, topics in industrial organization, and more. Each presenter will have an hour.

If you would like to present a paper, please submit a full draft at fall2017WCSM@gmail.com by October 15th.

The scientific committee in charge of selecting papers is composed of:

Thanasis Geromichalos (UC Davis)

Victor Ortego Marti (UC Riverside)

Guillaume Rocheteau (UC Irvine)

The local organizing committee is composed of:

Lucie Lebeau, Paul Jackson, and Guillaume Rocheteau
